BRITISH COASTERS

A DESCRIPTIVE ANNUAL OF POWER VESSELS
OF BETWEEN 100 AND 1000 TONS GROSS
TRADING IN HOME WATERS, AND OF
SEA-GOING TUGS AND
SALVAGE CRAFT

EDITED BY

F. J. N. WEDGE

Editor of "Brown's Flags & Funnels"

1925

LONDON

PRINTED IN GREAT BRITAIN BY PURNELL AND SONS
PAULTON, SOMERSET, ENGLAND

FOREWORD

In introducing the Second Edition of *British Coasters* the Editor wishes to offer his sincere thanks to the many firms and individuals through whose kindness alone the work has been possible.

The first number was received with great appreciation by every branch of the shipping community interested in coastwise traffic. They welcomed a work that contained, in concise form, details of vessels which they needed daily and which did not come within the scope of existing standard works of reference.

At the request of a number of subscribers, the details now include such items as telephone numbers and telegraphic addresses, size of the largest holds, etc., which will help to make the book even more useful to the charterers, brokers, underwriters, stevedores, dock and harbour officials and other shipping interests, who form its reading public.

Accuracy and completeness are its highest aim, and to attain this the Editor confidently appeals to readers of this, the Second Edition of *British Coasters*, to assist him with every revision that may come under their notice, and also with any suggestion they may think it worth while to make, so that with successive editions the book may more and more become the standard expert book of its class.

Every effort has been made to ensure accuracy in detail, but owing to the great difficulty experienced in obtaining a certain portion of the information, the Editor cannot guarantee every particular.

EXPLANATORY NOTE

(M)	Motor Vessel.
(A)	Auxiliary.
Draught	Mean light and mean load. Where one figure only is given it represents mean load, unless otherwise stated.
Rise	Rise of floor.
Displacement	Load, unless otherwise stated.
Deadweight and displacement	In tons.
Engines	Amidships, unless otherwise stated.
Horsepower	Of average speed.
Speed	Maximum and average. Where one figure only is given it represents average, unless otherwise stated.
Fuel	In tons, unless otherwise stated.
Figures after number of holds	Size of largest.
Dimensions after number of hatches	Size of largest.
E.T.	Easy trimming.
S.T.	Self trimming.
Cargo	Nett.
Pumps, on tugs	Salvage and fire.
